

Application for Further Funding – Deutschlandstipendium of the University of Bremen for WS 25/26

Instructions

1. The application agreement already signed when applying for a Deutschlandstipendium at the University of Bremen is still valid.
2. The link to apply for further funding will be activated in the period from July 1, 2025, 8 a.m. to July 31, 2025, 11:59 p.m. on the website: <https://www.uni-bremen.de/deutschlandstipendiat/>
The application for further funding must be submitted online by July 31, 2025 (cut-off deadline).
3. Please read the information on the application portal carefully and select the correct option for your application: either for further funding within the regular degree duration or for further funding outside of the regular degree duration. Please also note the additional documents required for an application for further funding after the regular degree duration.
4. The following proofs are required as PDF files:
 - Certificates of achievements (credit points and grades) during the degree course ⁽¹⁾
 - Short evaluation by a lecturer (this should indicate your special achievements in the course of study in general, in a module, as a student employee, voluntary commitment within the scope of the course of study, or the like. Length 1-2 pages)
 - Short description of further personal development since the scholarship was granted or since the last review
 - Certificate of enrollment for the winter semester 25/26
 - If applying for further funding after the standard period of study, please attach justification for the application for further funding and relevant supporting documents
5. Please update your scholarship data (name, address, bank details, etc.) for the Deutschlandstipendium of the University of Bremen, if changes have occurred. The registration (created account) was already done last year. If you have forgotten your password, you can request it again via the application portal (valucon apps GmbH - your access data to the application portal).

⁽¹⁾ The Scholarship Council assumes a total of 30 credit points to be earned per semester. A prerequisite for continued approval is proof of corresponding performance through the overview of performed work (from PABO) or through performance certificates issued by a lecturer or the faculty. Summer Semester 2025 courses that have not yet been graded or registered may be provisionally verified by certificates of attendance issued by the lecturer. These certificates should include your name, the name of the module, the number of credit points, and the grade, if applicable. If you fail to complete the 60 credit points, a justification must be provided. The Scholarship Council assumes that the grade point average achieved is at least equivalent to 2.59. Students with a grade point average lower than 2.59 will not be eligible for further funding.
