VPN is intended for

- Access to the Uni-Bremen network from outside campus
- Securing weak, unsafe internet connections (e.g. public hotspots, unencrypted WiFi)
- Access to electronic media (magazines, books and databases) at the Uni-Bremen library (SuUB)

VPN-Server:
vpn.uni-bremen.de

Icons in Cisco AnyConnect

	AnyConnect is disconnected. VPN connection via AnyConnect is inactive.
	AnyConnect is connected. VPN connection via AnyConnect is active.
	AnyConnect tries to restore a broken VPN connection.
	An error has occured.
